Student Health Advisory Committee

Meeting Minutes

January 8, 2016
3:00pm-4:00pm
Ford Alumni Center, Room 202

ATTENDANCE

- Guests: Joseph DeWitz, PhD; Elizabeth Maxwell, PhD
- Members Unexcused: Haley Burns, Lalita Thardomrong, Priscilla Cardenas

BODY OF MEETING

Call to Order: Brittney acting as meeting host.

Introductions: Name, pronoun, and “What word would you use to describe your week?”

Minutes: No minutes for December 4, 2015, meeting.

NEW BUSINESS:

Guest Speaker, Joseph DeWitz, PhD, Clinical Director and Assistant Director, UCTC: Mike Eyster is retiring, and Joseph is chairing the search. The candidate search process is currently going on. We have a good committee including housing, UCTC and UHC. Phone interviews were completed January 8th in the a.m. Paula added SHAC and UCTC’s Student Advisory Board will have time to meet each candidate and interview them. The lunch meeting for next Tuesday, January 12th, was cancelled. Paula to send an e-mail later on the dates and sessions to confirm them. SHAC can ask questions of the candidates and provide feedback to the search committee. Each candidate will have a presentation time as well that is open to all of campus. SHAC members were encouraged to attend these.

SHAC Director Search Questions: The search questions were briefly discussed.
What professional experience have you had working with students?
How do you see the role of students through this committee?
How experienced are you in leading diverse groups of people? Can you describe an initiative you have led to make an organization more welcome?
What specifically about working on the UO campus interests you?
What is your vision of the Wellness Center? How do you communicate that?
Where do you envision yourself in 5 years? What would you like to accomplish in 5 years?
What is your experience in working with a shared business model?
What is your experience in working with a budget?
What is your background in epidemiology?

Director’s Report—Mike Eyster: We are currently looking at a building expansion. The first step getting general ideas of money available, needs, costs and then a conceptual idea is presented to the Funding Group. The most likely area for expansion would be south and west of UHC. We recognize that having UHC and UCTC together is difficult for security reasons because of different hours they have at times. UHC needs more space for exam rooms. We are considering separate entrances for UCTC and
UHC with UHC on the first floor and UCTC on the second floor. Once the Funding Group approves, then SHAC will be involved in the planning. We are considering an Urgent Care with possible extended hours. Mike also shared that he plans to stay on for a period of overlap with the new director.

**Guest Speaker**, Elisabeth Maxwell came to get feedback from SHAC regarding ACHA (American College Health Association) survey. Questions on the survey range from alcohol use, condom use, sleep, and stress. It is long and comprehensive. The response rate in 2014 was not as good as hoped (11 to 12% response rate or 700 responses). The survey is sent to a random sample of students. There is a charge per survey sent so we don’t want to send the survey, which goes out by email, to all UO students. In addition this contributes to the problem of over surveying. The results drive the focus of the UHC and in particular the Health Promotion department. We also need a suggestion for a subject line of the e-mail. Please submit suggested e-mail subject lines to Paula or Elisabeth. Two suggestions were made to encourage participation including Canvas (controlled by school and no spam), and DuckWeb as possibly another forum but do not use red for DuckWeb. Ideas were polled regarding the use of a $400 visa card for a drawing. Did SHAC members feel that would increase the response rate? Coordination was also made with dining services so that every person would get a free beverage for filling out the survey. It was mentioned that getting something is better than a chance to win a large “prize” so the idea of a free beverage was appealing. Someone else suggested doing several visa cards might be appealing over one visa card.

**OLD BUSINESS:**
**Health Panel**: The Health Panel is scheduled for Wednesday, January 13, 2016, from 6 to 7:30. We will need 4 chairs set up for panel and 50 chairs set up for guests. Someone will need to be posted at the doors to monitor who comes in. Flyers were passed out and encouraged to be posted. Be sure and invite people directly to the event. We will plan to end 15-20 minutes early to allow a mingling and question time. Molly led a review of the Health Panel questions.  
How did you get where you are?  
Give us a synopsis of what you feel is the good, the bad and the ugly of medicine?  
What would students be surprised to know about your career trajectory?  
What did you do along the way that was a positive or a negative (that you wish you had or had not done)?  
What is one thing that you did that really made a difference in your getting to you are?  

**Final Announcements:**  
**Coffee Hour** is from 4 to 5 p.m. today in Global Scholars.  
**Valentine’s Day Tabling**: Safer Sex tabling needs to be organized now. Marisa, Kimberly and Esther agreed to lead this effort.  
**Next week’s speaker**: Adria Godon-Bynum will come next week to discuss Wellness Center and Peer Wellness Advocates.  
**Hoodies**: The company that does the hoodies is out of forest green right now. They will come the end of February. Other colors are available. Paula and Kathleen to check other colors.  
**Winter Carnival**: EMU does Winter Carnival each term. It occurs on February 5th from 12 to 5 p.m. It consists of food and games. Are we interested in helping out and doing shifts? We would be in charge of a game. Applications and more info to come.

**ADJOURN**  
*Next meeting on January 15th at the Ford Alumni Center Room 202.*

Respectfully submitted,  
Ellen Ambron, Recorder
