**Student Health Advisory Committee**  
**Minutes**  
January 16, 2015  
3:00pm-4:00pm  
Ford Alumni Center

**Attendance**

Present: Annie Hanson, Eliza Hallett, Kyile LeBlanc, Rachel Drummond Sardell, Brittney Guzzi, Nick Dawson, Ale Gutierrez, Ayla Rosen, Holly Kuenzi, Catherine Hamby, Molly Cheyne, Marisa Polonksy, Robyn Brigham, Priscilla Cardenas, James Bowlin, Jessica Daniel, Shao-Wei Wang, Candace Joyner, Paula Staight and Melina Hughes

Excused:  
Mike Eyster, Kathleen Beardsworth, Calvin Lee, Hannah Carey, Deborah Wang, Olivia Reynoldson

**Meeting called to order**

**Introductions** – “What’s rocking your world today?”

**Announcements/Minutes**

a) Approve 1/9 Minutes – Minutes approved

b) Hoodies—Annie  
   Paula brought some Hoodies in for people to try on for sizing reference if they wanted to. Annie sent out the email to touch base with those remaining individuals that she needed sizing for. We should be ready to put the order in soon.

c) Wellness Center Survey Update—Jessica  
   Thank you to everyone who helped out. There was a good turn out and Jessica will be going through the results soon.

d) Forum of Black Lives Matter – Group Discussion  
   The multicultural department had a panel of professionals that discussed “Black Lives Matter” and other issues. Those SHAC members that attended were in agreement that the panel discussion was very good.

**Director’s Report—none due to Mike’s absence**
Dr. Robin Holmes, Vice President for Student Life

Robin Holmes thanked everyone for participating in SHAC, for speaking up and making “us” do better. She also talked about the health center having the best clinicians in Oregon with the most comprehensive health center.

Robin was given the following questions by the SHAC student leaders:

1. **What is the Division of Student Life doing to prevent sexual violence on our campus?**

Prioritizing sexual violence prevention on campus – Your safety is very important to us. Needs to be a comprehensive approach. We encourage you to help foster a culture of respect on campus. We all have to do our part to keep campus safe.

- Be safe, be a good bystander, get other students more involved.
- UO Alert
- Safe Ride
- Contact UOPD for a safety escort
- Marked paths

2. **How did healthcare and wellness play into the GTF negotiation?**

GTF has an outstanding insurance plan. Issue was one of paid leave off and this was finally resolved.

3. **What wellness issues does your office see as the most important to focus on for the rest of the academic year?**

The Wellness Center will open soon. We know the health center needs more space. We are trying to come up with a way and have plans for building onto the UHC and UCTC by going up, needs approval to do so. Another option would be to separate the UHC and UCTC but this is not what Robin wants.

For further discussion invite Dr Holmes to lunch.
Final Announcements

1. Robyn stated that the Snodgrass Study Lab is paying students $20 for blood and saliva samples for a DNA study. Please ‘donate’ as we could use more samples. Robyn will send the information to Paula who will forward to the students.

2. EMU Tabling – February 12th & 13th from 11-2pm a Volunteers list is needed.

4:00 Adjourn
