HEALTH CENTER  
**Student Health Advisory Committee Meeting**  
January 11, 2008

<b>Appointed Members:</b>	<b>Alternates</b>	<b>Interested Students</b>	<b>ExOfficio Members:</b>
<b>E</b> Charron, Julie	Chiu, Shih-Han	<b>E</b> Ronco, Noelle	Davenport, Edel
* Davis, Kate	Le, Mai		DeHaven-Murdoch, Daralyn
<b>E</b> Hok, Sreang "C"	* McKague, Dustin	<b>Faculty:</b>	* Eyster, Mike
* Kunerth, Alison	* Michan, Elizabeth	* Lynn, Holly	* Leith, Ramah
* Lent, Jonathan	Smith, Leila	<b>E</b> Olson, Deborah	* Megerssa, Becky
* Malasig, Cheryl	Yam, Sarah	* Pangburn, Micheal	* Pressman, Ernie
* McCauley, Lauren	<b>Guests:</b>	* Russell, Chantelle	* Staight, Paula
* Smith, Kaylie	* Kate Jones		
* Wee, Brett			

The meeting was called to order at 3:00 p.m. Kate Jones from the Recreation Center advisory board is sitting in on the SHAC meeting today to see how this group operates.

1. **Approval of Minutes** – The minutes of the previous meeting were approved as distributed.
2. **Introduction – Mike Eyster** – Eyster provided a synopsis of his background and evolution into the position of interim Health Center Director until the next director is appointed. A national search will be undertaken with SHAC being part of that.
3. **International Student Coffee Hour:**
  - a) **January 25, 2008, 4-5:00 p.m.** – In lieu of the regular SHAC meeting from 3-4:00 p.m. on January 25, SHAC members will attend the ISA Coffee hour in the newly remodeled Mills Internation Center in the EMU (above the post office). There will be power point slideshow running during the coffee hour to provide information regarding the Health Center out in another format besides having someone speaking, tabling, food, and the survey.
  - b) **Subcommittee** – Kate Davis, Allison Kunerth, Kaylie Smith have formed an informal subcommittee to get this project set up.
    - Cheryl Malasig is developing the survey using the past survey and had some suggestions for additions of the new things the Health Center. This survey will be both on paper and through the internet.
    - A power point presentation put together by Ramah Leith for the peer health advisors will be used in setting up a slideshow type presentation about the Health Center.
    - Allison and Kaylie have coordinated the finances for the food.
    - Ramah Leith stated that the peer health advisors will be there.
    - Paula Staight offered to coordinate with Health Center management.
    - Counseling Center will be invited to do tabling.
    - Invite the Counseling Center.
    - Allison and Kim Barker will update the coffee hour flyer.
    - The flyer and survey information will be sent to Becky Megerssa who offered to send it out to the international students through the "IAFFAIRS" list serv on Thursday or Friday for the next two weeks.
3. **Outreach Brainstorming:**
  - a) **Tabling** – How do we start the process of making SHAC more vibrant group on campus? What are the opportunities for outreach to get more visibility of both SHAC and the Health Center? Tabling along with other groups would provide some great opportunities, such as at the Street Faire in the spring.
  - b) **Subcommittee** – Students, now is your opportunity to help imprint SHAC and the Health Center better in the minds of students on campus. Let Kate, Allison, Kaylie, or Kim know of your interest and particular talents.

- c) **Tabling w/Blood Drive & Computer Slide Show** – Leila Smith has completed the computer slide show that can be used as a sort of computer screen saver at various locations on campus. Leila now working on Fridays, so is unable to attend the SHAC meetings. A program is needed that runs in idle mode on computers. Technical computer help is needed on a program to make things work. The Knight Library has no place to actually save the pictures so it can run as their screen saver. Allison will have Leila send out an email regarding what program requirements are.

#### 4. **Updates:**

- a) **Clean Air Project** – Students for a Smoke Free Campus has been renamed, “Clean Air Project.” The first meeting of winter term is Tuesday, January 15, at 4:00 p.m. in the Health Center library. OSU got a lot of press in the Corvallis paper regarding their fresh air initiative and Paula is still working to get some for the UO. Ramah Leith stated they are still moving forward with getting other groups on campus involved, making buttons, possibly shirts, and cigarette butt pickup.

The Environmental Issues Committee recommended that a task force be created to look at UO going smoke free in their annual report that goes to Frances Dyke. Frances took this recommendation to the President’s Small Executive Staff in November and President Frohnmayer supported the creation of a small task force to look at going smoke free. The members of this task force have yet to be announced. The president did want a report by the end of winter term or beginning of spring.

The Tobacco Free Lane County Coalition sent an email to NW Events who is coordinating the Olympic Trials recommending it be a tobacco-free venue. Paula stated they just heard that this is promising.

- b) **Student Wellness Committee** – An email from Chantelle was forwarded to the SHAC to keep everyone posted on the Student Wellness Committee’s progress.

Chantelle met with Grant Castner, who is an instructor for Information Systems in the Business School, and he is going to use the UO Student Wellness webpage idea as his class project! Although they will not see anything until the end of the term and it should be a webpage that they will be able to monitor and update easily. Grant has free range to let the students be creative, while meeting the needs of the class assignment. They will then seek more student input to get what they see as beneficial.

She also gave Grant some links to the pages they used in their discussions from some of the other campuses with wellness pages for general ideas. Attached to the email was a list of the groups as links on the Wellness site. Please let Chantelle know if there are any she missed. If you have any ideas, requests, and/or suggestions for the webpage please let me know. Hopefully the committee can meet early spring term!

#### 5. **Upcoming Business:**

- a) **Budget** – A budget overview is needed from Daralyn with a timeline for when things need to be decided.
- b) **Update from Student Insurance** – No update.

#### 6. **Items Not on the Agenda:**

- a) **Student Building Fee** - All students contribute to a Student Building Fee and every 2 years a committee of students is created to decide on how the allocation to their particular campus is spent. The Health Center renovation/construction was funded by that source a few years ago. There will be funds available again this year and Mike Eyster would like to put forward a proposal for use of some of these funds. The Health Center renovations and additions are good, but as is the case with a lot of renovation projects there are things that did not work out the way it had been thought, or there are other things needed.

A proposal was submitted at the end of fall term 2006 for creating more of an entry on the south entrance. Some money was allocated by the Student Fee Committee, but never spent because we were waiting to get to the end of construction before looking at how these funds could be used.

Mike did a walk through with Counseling Center staff and found that this building could be used a lot more effectively with better security by installation of additional doors. The health Center has a lot of night activities and groups but the clinics are not secure with confidentiality being an issue. We need to be able to lock off certain areas. The plan would be to submit a proposal looking for SHAC endorsement to do some of that kind of work. Also, in the new area of the building there are grills on the outside walls which contain a heat pipe, fan and louvers necessary for bringing fresh air into the building. The heat pipe is designed to heat the air between the inside and the outside. Daren Dehle from Facilities Services found this to be faulty in design. Right now we have students and staff shivering through their time in the clinic. There are also leaks around older windows.

The Health Center needs a SHAC representative for this Student Building Fee Committee. Proposals have to be submitted to the fee committee by January 15. The first meeting will be scheduled sometime next week. Mike will write up a proposal for submission. SHAC was in support of Mike putting together the proposal and submitting it to the committee. Kate, Kaylie, and Allison are all interested in representing the Health Center on this committee.

7. **Adjournment** – The meeting was adjourned at 4:00 p.m.

Kim Barker, Recorder
